

Tamper Evident Food Packaging

**Tamper Evident Food Container
For Your Food Safety**

Plastic Food Packaging Manufacturer

South Plastic Industry is a HACCP, ISO & BRC A Grade certified food packaging Taiwan manufacturer.

We dedicate to R&D and keep developing products complying to circular economy and sustainability.

Our wide range of disposable food packaging products include bowls, containers and microwaveable products suitable for convenient stores, supermarkets, retailers, food processors, deli shops, restaurants and catering services.

The patented tamper evident container provides securely locked, clear evidence of tampering and no tear-off strip features.

The bsi certified Cycle+ PP biodegradable containers are unique & harmless to the environment.

Our products are mainly made with recyclable PP and PET which both are PFAS-free.

We also offer PCR (Post-Consumer Recycled) rPET products with various PCR content on request.

From Masterbatch to Packaged Product

Certified & quality assured production processes for all of your products

From sheet to product
finishing all in-house

24-hour in operation

HIPS, PET, PP, UCPP sheets
in-house sheeting extrusion

Quality control laboratory

Automated production lines
with air shower clean room

Expertise team in research
& development

Our Tamper Evident Packaging Is Different

Our patented Safety Pack lock for tamper-evident packaging offers enhanced security and protection for food products. The Safety Pack mechanism is user-friendly, easy to recognize, and simple to adapt. Any break in the tamper-evident lock is clearly visible. Additionally, there is no tear-off strip, which helps to reduce unnecessary waste. This multi-use packaging eliminates the need for shrink bands or wrap-around labels.

MADE WITH RECYCLED PET
10% up to 100% POST-CONSUMER

Recycling and Sustainability

SPI offers SCS certified post-consumer recycled PET Food Packaging and GRS certified packaging that reduce the amount of virgin material and waste generated, reuse the in-line production scrap and incorporate post-consumer recycled PET into the products to reduce carbon footprint and environmental impact.

Versatile Application

Compatible with heat sealing film and lid

Anti-Fogging

Glass-clear transparency for cold and hot food presentation

Microwaveable

Can tolerate temperature: 4°C~110°C
(Not for oven/stove use)

Ultra Clear, You Get What You See

SPI's Ultra Clear PP (UCPP) is as transparent as PET. Being anti-fogging, UCPP is a perfect solution for retailers and restaurants who want to present their delicacies without the hindrance of steam from hot food and after meals finished, remember to recycle and reuse the containers to protect our planet.

Fully Recyclable

Easy sorting and recycling

Impact Resistant

It's lightweight and remains stiff when storing and delivering heavy food

Saving Energy

More energy is saved by unique techniques using lower thermoforming temperature

Compliant With Biodegradation Standards

Complies with British Standard Institution **BSI PAS 9017** - Biodegradation of polyolefins in an open-air terrestrial environment and can be recycled.

- **Available In Black, White & Nature Color**
- **100% Recyclable**
- **No Microplastics**
Zero toxic, zero compost, zero incineration

- **Patented Safety Lock**
Broken seal easily visible
- **Leak-resistant**
Premium leak-resistant lids prevent spillage during delivery
- **Microwave Safe**

Cycle+ Breaks Down Completely & Harmlessly Without Microplastics
